API Reference

Delete Metadata Services Extensions

5/12/2025

Delete Metadata Services Extensions

	/metadata/services/extensions/${extension-name}
	Available since: 8.1.300.00

Contents

Description

Allows the deletion of a service extension. The records in the service extension table are deleted, the table is deleted, and the definition of the service extension is erased.

Operation

ID	CV.WS.SRV.META.3		
URI	/metadata/services/extensions/${extension-name}		
Method	DELETE		
Parameter	**Type**	**Mandatory**	**Description**
URI Parameter			
${extension-name}	string	yes	The metadata extension name to delete. ⚠ This name is **not** case-sensitive.

Response

The Context Management Service API answers with HTTP codes for every request. The following table shows the correct response for a successful request. See HTTP Response Codes and Errors for further details on the possible codes that this operation can return.

Response

HTTP code	204
HTTP message	Success No Content

Example

The following operation deletes a service extension.

Operation

```
DELETE /metadata/services/extensions/relatedOffers
```

Result

```
HTTP/1.1 204 OK
Success No Content
```

Note: If nothing was deleted, HTTP status code 404 ("Not Found") is sent.
