Composer Help

Chinese Characters Do Not Display

Chinese Characters Do Not Display

If Chinese UTF-8 characters cannot be displayed/used in the GRXML/VXML editor, install files for East Asian languages in Windows.

1. Select **Start > Control Panel > Regional Settings**.
2. Select the **Languages** tab.
3. Select **Install files for East Asian languages**.
4. Windows installs the necessary files for Chinese characters to be displayed correctly in most applications including Composer.
