Configurations Options Reference Manual

Database Access Point Configuration Options

5/3/2025

Database Access Point Configuration Options

This chapter describes configuration options for a Database Access Point.

This chapter contains the following sections:

- [Setting Configuration Options](#)
- [Mandatory Options](#)
- [\[default\] Section](#)
- [\[dbclient\] Section](#)
- [Changes in 8.5.x](#)

Setting Configuration Options

Refer to the description of the particular option for information about where to set its value. Configuration section names, configuration option names, and predefined option values are case-sensitive. Type them in Genesys Administrator exactly as they are documented in this chapter.

Mandatory Options

You do not have to configure any options for a Database Access Point.
