# Modifying a Sellable Item

## Modifying a Sellable Item

1. In the **Provisioned Sellable Items List** screen, select a provisioned item. The **<provisioned item name>** panel is displayed to the right.
2. In the **<provisioned item name>** panel, modify one or more of the following properties:
  - a. The name of the Genesys application that you want to provision. Click the magnifying glass in the **Sellable Item** field to open the **Sellable Items** panel. Click the radio button that is displayed beside the name of the application that you want to provision.
  - b. The date at which the sellable item can be utilized (the **Provision Effective Date**). Click in the **Provision Effective Date (GMT)** field, and either enter the date or use the calendar picker to specify the date.
  - c. The number of provisioned seats for the application (the **Provision Usage Limit**). Click in the **Provision Usage Limit** field, and enter the number of licenses that are available for sale to the tenant.
3. Click **Save** to commit the changes to the sellable item to the tenant.
