Managing Parameter Group Templates

12/19/2025

Managing Parameter Group Templates

In a Parameter Group Template, you can manage the list of Operational Parameters in the following ways:

[+] Adding Operational Parameters to a Parameter Group Template

To add an Operational Parameter to a Parameter Group Template:

1. Select the Parameter Group Template to which the Operational Parameter is to be added in the list of Parameter Group Templates.
2. In the Parameters list, click Add.
3. In the Parameters panel that is displayed to the right, select the Operational Parameter(s) that you want to add. The selected Operational Parameter(s) are now displayed in the Parameters list.
4. Click Save.

[+] Change the order of the Operational Parameters in the list of Selected Parameters

To change the order of Operational Parameters in a Parameter Group Template:

1. Select the Parameter Group Template in which the order of Operational Parameters is to be changed.
2. In the Parameters list, select a parameter that you want to move, and click the up or down arrow to change its order in the list. You can also drag the parameter and drop it into a new position in the order.
3. Click Save.

[+] Removing Operational Parameters from a Parameter Group Template

To remove an Operational Parameter from a Parameter Group Template:

1. Select the Parameter Group Template from which the Operational Parameter is to be removed.
2. In the Parameters list, select a parameter that you want to remove and click Remove.
3. Click Save.
