Genesys Administrator Extension Deployment Guide

Agent Management

5/4/2025

Agent Management

Contents

- [1 Agent Management](#)
 - [1.1 Required Privileges](#)
 - [1.2 Role Privileges](#)

Agent Management role privileges control what tasks a user can perform in the **Agents** window of Genesys Administrator Extension.

Required Privileges

None

Role Privileges

| | |
|--|---|
| Access to View Agents of other Tenants | Allows a user to view the Tenant Directory in the Agents window. By default, in a multi-tenant environment, users can only see Agents that belong to their Tenant. However, if users have this privilege and Read access to Agents of other Tenants, they can use the Tenant Directory to switch Tenants and view these Agents to which they have access. Prerequisite: Read Agents in Agent Management . |
| Create Agents in Agent Management | Allows a user to create Agents and copy Agents in the Agents window. Prerequisite: Read Agents in Agent Management . |
| Allow Skill Creation under Agent Management | <div>Allows a user to create Skills when creating Agents in the Agents window. Prerequisite: Modify Agents in Agent Management.</div> <div>Important When you create a Skill in the Add Agent window, you also create a Virtual Agent Group with the same name as the Skill and all Agents that have this Skill are automatically assigned to this Virtual Agent Group.</div> |
| Delete Agents in Agent Management | Allows a user to delete Agents in the Agents window. Prerequisite: Read Agents in Agent Management . |
| Modify Agents in Agent Management | Allows a user to modify Agents and copy Agents in the Agents window. Prerequisite: Read Agents in Agent Management . |
| Read Agents in Agent Management | Allows a user to view Agents in the Agents window. |
| Access Contextual Skill | Allows a user to access Contextual Skills. Prerequisite: Read Agents in Agent Management . |
| Create Skills under Contextual Skill | Allow a User to use the Contextual Skill Interface to create new Skills. Prerequisite: Read Agents in Agent Management . |
