## New in Release 8.5.0

This section describes the changes that have been incorporated within this guide since the initial release of Genesys Info Mart release 8.5.0.

### Important

Starting with release 8.5.014.14 on August 30, 2019, Genesys Info Mart is part of 9.0. For 8.5 releases of Genesys Info Mart after August 30, 2019, see the **Current** version of this document.

### New in Release 8.5.011.22

- Genesys Info Mart now supports Data Export functionality in on-premises deployments. Data Export functionality was introduced previously for Genesys Engage cloud customers. The description of **Job\_ExportGIM** has been updated, and the description of **Job\_MigrateGIM** has been expanded to include information about **Creating or updating export views**. Export-related information in **Setting scheduling options for Genesys Info Mart Server** has also been updated.

### New in Release 8.5.010.16

- Genesys Info Mart support for General Data Protection Regulation (GDPR) compliance has been extended to include requests from employees. The description of **Job\_MaintainGIM** has been updated accordingly.

### New in Release 8.5.010

- Information about Genesys Info Mart support for General Data Protection Regulation (GDPR) compliance has been added to the description of **Job\_MaintainGIM** and to the troubleshooting information about **Genesys Info Mart job error**.

## New in Release 8.5.007

- Added information regarding the execution of the script to create indexes and views on the [About Jobs](#) page. See the sections pertaining to **Job\_ExtractGIM**, **Job\_InitializeGIM**, and **Job\_MigrateGIM**.
- Added Information on the [About Jobs](#) page pertaining to ensuring that DST adjustments are applied correctly.
- Updated Information on the [About Jobs](#) page pertaining to the **date-time-max-days-ahead** option. See the **Job\_MaintainGIM** section.
- Updated the [About Jobs](#) page to describe the new **on-demand-migration** configuration option. See the **Job\_MigrateGIM** section.
- Added information about viewing software release information on the [Managing Genesys Info Mart](#) page. See the new section Viewing Software Release Information.
- Updated the [Using Genesys Info Mart Manager](#) page to describe the new automatic refresh functionality.

## New in Release 8.5.005

- Added information about **JobExportGIM** on the following pages:
  - [About Jobs](#) — See [Job\\_ExportGIM](#).
  - [Managing and Scheduling Jobs](#) — See [Procedure: Setting scheduling options for Genesys Info Mart Server](#).
- Updated information on the [About Jobs](#) page to better describe [Job\\_MaintainGIM](#).

## New in Release 8.5.004

- Updated recommendations about Calendar Table population on the [About Jobs](#) page. See [Job\\_MaintainGIM](#) > Maintaining Calendar Tables.
