Match-interaction

Overview

This service will do the following for **ALL** Services:

- It looks through all the services for one that matches the input criteria.
- only the service id (session id) and data id will be returned to the requester.
- The service will always release, the matched service access information will be unreserved (access resources returned).

Note: The user of this service must use the Storage APIs to retrieve any data that was associated with the matched service.

Create Request Data

These are the service specific parameters that will be supplied on the Create service API.
