Web Services API Reference

Assign Supervisor to Business Unit

5/12/2025

Assign Supervisor to Business Unit

Overview

This operation is part of the Business Unit API section of the Web Services API.

It is used to assign a supervisor to the business unit. This will also assign the supervisor to the corresponding Configuration Manager agent group's "supervisors" collection.

Example

```
POST /groups/{id}/supervisors
{
    "uris":"<uri of supervisor user>"
}
```
