ResumeCallRecording

5/13/2025

# ResumeCallRecording

This operation is part of the [Voice API](#) section of the [Web Services API](#).

## Overview

Resumes recording the specified phone call.

|                          |                                               |
|--------------------------|-----------------------------------------------|
| <b>Request URL</b>       | /api/v2/me/calls/{id}                         |
| <b>HTTP method</b>       | POST                                          |
| <b>Mandatory Header</b>  | Authorization: Basic xxxxx=Origin: server-url |
| <b>Required features</b> | api-voice-recording                           |

## Parameters

| Parameter     | Value               |
|---------------|---------------------|
| operationName | ResumeCallRecording |

## Sample

### Request

```
POST http://localhost:8080/api/v2/me/calls/01RCC3N118B1V0SL807GK2LAES00000V
{
  "operationName": "ResumeCallRecording"
}
```

### HTTP response

```
{
  "statusCode": 0
}
```

## CometD notification
