Activity History (Lightning Experience)

Activity History (Lightning Experience)

The Lightning Experience functionality is the same as it is in Salesforce Console with the following exception(s), you should be aware of:

Accessing Activity history in Lightning

Accessing the activity record can be done slightly differently in Lightning Experience. There is a **Refresh Activity History** icon that can be used instead of navigating off the page, or refreshing:

1. Click **Contacts** from the menu bar.
2. Select the contact name.
3. Click the **Refresh Activity History** icon, in the **Activity** tab to review all **Past Activity**.

4. Clicking on an activity will open the **Task** window for that item.
