My Campaigns

Tip

Are you looking for **tutorials** to help you learn how to use this feature? Check out the [Related Resources](#) section at the bottom of this article.

The **My Campaigns** view is part of the Workspace in the [Main Window](#). It provides a list of the active (loaded, but not yet started) and running (loaded and started) campaigns in which you are currently involved.

The **My Campaigns** view displays the name, delivery mode (automatic or manual), and description of each campaign.

If you are part of an [Outbound Preview](#) campaign, you can use the My Campaign view to request a new record by selecting the name of the campaign and then clicking **Get Record**.
