Switch gts Section

The <createcall> and <consult> interaction action elements have a limitation for the attribute "to" (where a destination is specified). Only digits can be specified in the "to" attribute. The limitation can be removed by configuration of `valid-digits` and `max-digits` options on the `Switch object > Annex tab> gts` section:

Option: `valid-digits`

Value: An explicit set of all acceptable symbols that can be dialed.

Example: `0123456789_RP0`

Option: `max-digits`

Value: The maximum number of digits that can be dialed.

Example: `25`
