Learning Items Settings

The screenshot displays the 'Learning Item Settings' tab within a settings menu. The menu includes tabs for Basic, Test Navigation, Test Reset, Knowledge Nudge, Certificate, Reports, Learning Item Settings (selected), and Assessment Branding Settings. The settings are organized into sections: 'Enable Learning Items' with a checked checkbox, 'Assignment' with two radio button options ('Allow user to assign suggested learning items' and 'Automatically assign learning items'), and 'LMS Learning Items' with two radio button options ('Add LMS items to suggested LMS learning' and 'Add LMS items to assigned LMS learning').

Section	Setting	Value
Enable Learning Items	Enable Learning Items	<input checked="" type="checkbox"/>
	Assignment	
Assignment	Allow user to assign suggested learning items	<input type="radio"/>
	Automatically assign learning items	<input checked="" type="radio"/>
LMS Learning Items	Add LMS items to suggested LMS learning	<input type="radio"/>
	Add LMS items to assigned LMS learning	<input type="radio"/>

Options for enabling Learning Items (see [Managing Learning Items](#)) include the following:

- **Enable Learning Items** – enables Learning Items to be attached to the Assessment
- **Assignment**
- **Allow users to assign suggested learning items** – enables the user to self-select / self-enroll for the Learning Items suggested based on their performance.
- **Automatically assign learning items** – enables the automatic assignment of Learning Items following an Assessment based on the user's performance.
