Displaying the Alerts for a Key Action Report

# Displaying the Alerts for a Key Action Report

You can select one or more alerts, which may cause multiple key action reports to be displayed.

1. Select the **Key Action Reports-Alerts** view. The **Key Action Reports** table appears above the **Alerts** table.
2. Select the key action report rows in the **Key Action Reports** table. The **Alerts** table displays the alerts for the selected key action reports. The context displays the key action name (that is, the selected value).
