ARS: Filter by Contracts

> **Important**
> This content may not be the latest Genesys Engage cloud content. To find the latest content, go to Workforce Management in Genesys Engage cloud.

In the Add/Remove Scenario Elements (ARS) Wizard **Filter by Contracts** screen:

1. Select one or more contracts from the tree, which includes business units, sites, and contracts.

   > **Tip**
   > The tree shows only those sites that the scenario included when it was created, and by default, all contracts matching the activities that were selected on the **Select Activities** screen, are selected.

2. Click **Next** to proceed to the next screen.
