# Genesys Engage cloud Workforce Management 8.5.1 Guide

**Business Unit Skills** 

# Business Unit Skills

## **Important**

This content may not be the latest Genesys Engage cloud content. To find the latest content, go to Workforce Management in Genesys Engage cloud.

Using the **Business Units > Skills** pane, you can select the skills you want to include in the business units (BU). To open this pane, select a BU and in the right-side pane, click **Skills**.

Skills are assigned to business units only.

# Skills Pane Controls

Remove Skills from Business Unit	Click to remove a skill from a business unit.
<b>●</b> Help	Click to open a Help topic for the <b>Skills</b> pane.

# Available Skills Pane Controls

Apply	Click to apply this skill to the selected business unit.
Close	Click to close the <b>Available Skills</b> pane.
Help	Click to open a Help topic for the <b>Available Skills</b> pane.

## Adding Skills to Business Units

To add a skill to your business unit:

1. Select a business unit.

2. In the **Skills** pane, select **Add Skills to Business Unit**The **Available Skills** pane opens.

#### **Important**

The Available Skills pane contains unassigned skills only. To assign this same skill to another BU, you must first unassign it from this BU.

3. Select a skill and click **Apply** . The skill appears in the **Skills** pane and is assigned to the selected business unit.

#### Tip

If you select a skill that cannot be applied, the **Review Validation Messages** pane opens with an error description.

4. Click **Save Now** .

## Removing Skills from Business Units

To remove a skill from a business unit:

- 1. In the **Skills** pane, select the skill you want to remove.
- 2. Click Remove Skills from Business Unit
- 3. When the **Confirmation** dialog opens, select **Yes** to proceed or **No** to cancel the action.
- 4. Click **Save Now**

Sorting and Searching Skills Lists

To sort the skills in a list:

• Click the header of the column by which you want to sort the skills.

To search for skills in a list:

• Type the skill name in the **Search** field and press **Enter**.
