Genesys Engage cloud Workforce Management 8.5.1 Guide

Scenario Agent-Extended View

12/15/2025

Scenario Agent-Extended View

Important

This content may not be the latest Genesys Engage cloud content. To find the latest content, go to [Workforce Management in Genesys Engage cloud](#).

Use the **Scenario Agent-Extended** view to display and/or edit a single agent's schedule for one week or for the schedule planning period. See the toolbar image here the [button descriptions](#) below.

Tip

A [legend](#) at the bottom of the window indicates the particular type of schedule item that each bar color represents.

You can modify schedule items for individual agents or profiles here, and you can insert schedule items for multiple agents and/or profiles. The following sections and links cover:

- [Displaying the Agent-Extended view](#).
- [Using the Agent-Extended view grid](#).
- [Customizing the Agent-Extended view grid](#).
- [Using the Agent-Extended view toolbar buttons](#).
- [Modifying an agent's schedule](#).

Displaying the Scenario Agent-Extended View

To display the **Scenarios** view:

1. From the **Home** menu on the toolbar, select **Schedule**.
2. From the **Schedule** menu on the toolbar, select **Scenarios**.
The **Schedule Scenarios** table displays.

3. Open a scenario by double-clicking its name in the table list or by selecting its name and clicking the open icon ().
The scenario's name appears on the toolbar, as a menu.

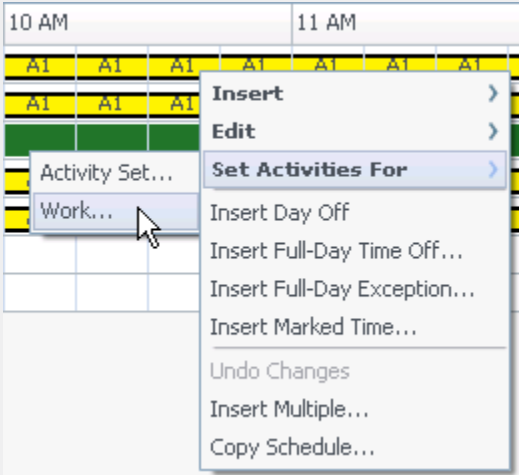

To display the open scenario's **Agent-Extended** view:

1. From the **<scenario_name>** menu on the toolbar, select **Agent Extended**.
2. In the **Objects** pane, select a single business unit, a single site within a business unit, or a single agent within a site.

Using the Scenario Agent-Extended View Grid

The **Agent-Extended** view includes a grid for the selected agent. Each row in the grid contains a color coded bar. Each bar represents a scheduled day or day off for the selected agent. The table below explains the fields and controls.

Scheduled agents	This indicator shows the number of agents displayed (based on the selected Mode).
Edited schedules	This indicator shows the number of daily schedules you have edited in this view, but not yet saved.
Full-Day View	Select the Full-Day View check box to have the grid display the entire day similar to the Intra-Day view. If you clear this check box, the grid shows a more detailed view.
Mode:	The starting Mode is set to the default of one week, but can be changed to Schedule Planning Period if schedule planning periods are used at your site.
Date:	These controls are the standard date selectors . The grid displays data for the period containing the selected date.
! messages/warnings column	<p>This column contains icons that provide information about the agents' schedules.</p> <ul style="list-style-type: none"> • A light-gray pencil icon indicates that the agent's day was edited after scheduling or rescheduling. • A green pencil icon indicates schedule items that you have changed but not yet saved. • A yellow pencil icon indicates an item that generated a warning and you selected the Fix Later option. • A red pencil icon indicates an item that generated an error. (Error conditions are more serious than warning conditions.)

	<ul style="list-style-type: none"> A swap icon indicates that the agent's day was assigned by trading or swapping. A yield icon (upside down red triangle) appears if there are pending changes. Pending changes must be committed by a user with Approve Changes security permission. <p>Double-click a yellow or red icon to review message details and resolve the unsaved items.</p>
Team	This column on the grid indicates the selected agent's assigned team.
<i>colored icon</i>	The column on the grid may display a colored icon, which represents the agent's contract.
Agent	This column on the grid indicates each agent's name.
Date	This column on the grid indicates the calendar day.
[Timesteps]	<p>These columns indicate the agent's schedule items in each timestep. To see greater detail, clear the Full-Day View check box and/or resize the columns.</p> <p>To make changes to the selected agent's schedule, right-click the timestep that you want to modify and then select the command from the shortcut menu. The figure below shows the menu when you right-click on a dark blue area within a color-coded bar (unless you change the color). The menu items vary depending on the area clicked.</p>  <p>See Modify Individual Agent's Schedules for instructions and explanations.</p>
[Horizontal scroll bar]	Appears below the table when clearing the Full-Day View check box causes some timesteps to be hidden offscreen. Scroll it to the right to display later timesteps.
Legend	Indicates the particular type of schedule item that

	each bar color represents. Legend: Exception Day Off Work Activity Set Time Off Break Meal Marked Time
--	---

Customizing the Scenario Agent-Extended View Grid

You can resize the **Team**, **Agent**, and **Date** columns. For details, see [Getting Started](#). You can also add and remove columns.

Site Name	If displayed (using the Options dialog box), this column shows the name of the site for each agent on the selected day.
Shared Transport	If displayed (using the Options dialog box), this column shows the membership for each agent in Shared Transport group on the selected day.
Overtime	If displayed (using the Options dialog box), this column shows the duration of overtime for each agent on the selected day.
Paid Hours	If displayed (using the Options dialog box), this column shows each agent's paid hours for the selected day.
Total Hours	If displayed (using the Options dialog box), this column shows each agent's total hours for the selected day.
Start Time	If displayed (using the Options dialog box), this column shows each agent's start time for the selected day's work.
 (Accessible Schedule Details)	If displayed (using the Options dialog box), you can click this icon to display the Accessible Schedule Details dialog box , which simplifies and organizes commands for vision-impaired users and the screen readers that they use.
* (Comment)	<p>If this column is displayed (using the Options dialog box), an asterisk (*) indicates that a comment was saved for the indicated agent and schedule day.</p> <p>Double-click a column cell to view or edit comments.</p>

Using the Scenario Agent-Extended View Toolbar Buttons

The **Scenario Agent-Extended** view toolbar is similar to the **Scenario Intra-Day** view toolbar. The only exception is that **Scenario Agent-Extended** view does not contain **Filter**, **Sort**, or **Meeting Scheduler** buttons. Click a button on the **Scenario Agent-Extended** view image to jump to its description.

Toolbar: Modifying an Agent's Schedule

Use buttons on the toolbar (or commands from the **Actions** menu) for the following:

	Publish	Opens the Publish Schedule Wizard , where you can publish a portion of the selected scenario to the Master Schedule , or extract a portion of the Master Schedule to the selected scenario.
	Add/Remove scenario elements	Opens the Add/Remove Scenario Elements Wizard , where you can add or remove activities and agents for the current schedule scenario.
	Build schedule	Opens the Schedule Build Wizard , where you can build a complete schedule for the selected site.
	Rebuild schedule	Opens the Schedule Rebuild Wizard , where you can rebuild agent schedules, while optionally leaving intact any agent schedules that you have modified since the last build/rebuild.
	Rebuild intra-day schedule	Opens the Intra-day Schedule Rebuild Wizard to rebuild an Intra-Day schedule for a specific day or time period for a site, team, or agent.
	Validate schedule	Opens the Review Messages window , which lists scheduling warnings for a selected site. Warnings will only be visible if you have already built a schedule for this scenario and you saved any warnings that were generated.
	Close	Closes the open scenario (and prompts you to save unsaved data).
	Options	Opens the Options dialog box . Enables you to customize the view, including whether to show agent availability, whether to use a 24-hour or 36-hour display, and whether to display or hide the Overtime , Paid Hours , Total Hours , Start Time , Comment , Site Name , Shared Transport , and Accessibility columns.

	Auto-Commit	The Auto-Commit toolbar button toggles on and off the auto-commit feature. The feature is also turned on and off by selecting Auto-Commit on the Actions menu. If it is on, changes are immediately applied to the scenario. If it is off, the changes have pending status and can be committed/approved before they are incorporated in the publicly-available version of the schedule scenario.
	Swap	Opens the Swap Agent Schedules Wizard , which enables you to swap two agents' schedules .
	Insert Multiple	Opens the Insert Multiple Wizard , which enables you to insert breaks, meals, exceptions, days off, or vacation days for multiple agents or teams.
	Delete Multiple	Opens the Delete Multiple Wizard , which enables you to remove multiple items from the scenario at one time.
	Commit/Rollback Multiple	Opens the Commit/Rollback Multiple Wizard , which enables you to insert pending changes (changes entered when auto-commit was off) into the schedule scenario or to remove them and return the scenario to its former settings.
	Save	<p>Saves any changes that you have made to the current scenario. (If the server cannot save all changes, red or yellow icons in the grid's first column indicate the agents for whom you must correct errors or acknowledge warnings.</p> <p>If you make schedule changes in the Agent-Extended view and do not click Save, you are prompted to save your changes when you select a different module or view, or when you launch certain wizards or child windows.</p>
	Move to Current Day	Also known as the <i>Today</i> button. Click this button to display data for today.
