# Adding Comments to a Trade

## Important

You can only add comments to a trade if your system administrator has enabled this feature.

Use the Trading Comments window to add comments (if you want) and then complete one of the following actions that you have begun in another window:

- Accept, decline, cancel, or respond to a trade proposal.
- Accept, decline, or cancel a response.

The Trading Comments window's heading text indicates the action that you are about to complete.

1. Type your comments into the Comments text box.

For example, you might want to indicate your reason for declining or canceling a proposal or response.

2. Click **Submit** to attach your comments and complete the action. (Or click **Cancel** to discard your comments and cancel the action.)

The window that opens after you click Submit depends on what trading action you are completing:

Action completed	Resulting window
Accept Proposal, Respond to Proposal, or Cancel Response:	Opens the <b>My Responses</b> window.
Decline Proposal or Cancel Own Proposal:	Returns you to the previous window.
Accept Response or Decline Response:	Opens the <b>My Proposals</b> window.
