Workforce Management Web for Supervisors Help

Add/Remove Scenario Elements: Filter by Contracts

Add/Remove Scenario Elements: Filter by Contracts

In the Add/Remove Scenario Elements Wizard **Filter by Contracts** screen:

1. Select one or more contracts from the tree, which includes business units, sites, and contracts.

Tip

The tree shows only those sites that the scenario included when it was created, and by default, all contracts matching the activities that were selected on the [Select Activities](#) screen, are selected.

2. Click **Next** to proceed to the next screen.
