# Workforce Management Web for Supervisors Help

Historical Data

12/17/2025

# Historical Data

## Tip

Starting in this release, WFM has a new interface for the Forecast module. If you have landed on this page by accident and are using the new Supervisors interface, see the "Building Volumes" page in the *Workforce Management Supervisor Help*, which describes the new **Forecast module**.

The views in Historical Data are:

<b>Historical Data Volumes</b>	Displays <b>Interaction Volumes</b> and <b>AHT</b> for historical data that has either been imported into WFM or collected automatically by WFM Data Aggregator.
<b>Historical Data Graphs</b>	Displays your choice of statistics, using line charts and a table, for historical data that has either been imported into WFM or collected automatically by WFM Data Aggregator.

To open these views:

1. From the **Home** menu on the toolbar, select **Forecast**.
2. From the **Forecast** menu on the toolbar, select **Historical Data**.
3. From the **Historical Data** menu on the toolbar, select **Volumes** or **Graphs**.
4. In the **Objects** tree, select an **activity**, **multi-site activity**, **Site**, **Business Unit**, or **Enterprise**.
